

# Youth Studies Ireland Subscription Form 2008

*"There has to date been relatively little social scientific research into the lives, needs and circumstances of young people in Ireland and the services and policies which are or might be provided for them.... This journal will fill that gap, and will also hopefully act as a spur to further research as well as contributing to best practice in work with young people" Dr. Maurice Devlin, Youth Studies Ireland Editor*

**Name:** \_\_\_\_\_

**Organisation:** \_\_\_\_\_

**Address:** \_\_\_\_\_
